

JUROR'S STATEMENT:

After judging the Artist' Guild show today, I'd like to congratulate all the participating artists. The quality of the works I viewed was extremely high. I also appreciated the diversity of styles and mediums. With so many different styles and methods of execution it makes choosing who is best, very difficult.

The most important thing for an artist to do is work at your art all the time. Never go anywhere without a pencil and paper or IPAD or camera. You never know when you will see an image that you can transform in your style into a great piece of art. The "art of seeing" is as important as your skill in your chosen medium. Sometimes it is easy and sometimes not, but you must always be "seeing".

My congratulations to all the artists and winners in this superb competition.
